yoomi makes the parental journey Safe, Convenient and Affordable

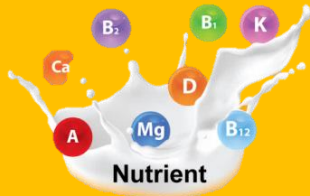

Self Warming Smart Bottle

Speed, Safety & Savings

Feed your baby the perfect temperature milk in just 60 seconds!

Just push the button on our 3S Self Warming Smart bottles with our patented reusable warmers.

SAFE-T-LOCK
PROTECTION

Never destroy nutrients by overheating the milk again!

Our 3S Self Warming Smart Bottles with our patented warmer provide Nutrient Safe-T-Lock Protection which guarantees the protection of 100% of the milk nutrients and delivers the perfect temperature milk; thus eliminating nutrient loss which occurs when you overheat the milk by other warming methods.

Never waste another drop of breast milk or formula again!

Our Patented 3S Self Warming Smart Bottles with our reusable Patented Warmers allow you to Never waste a drop of formula or breast milk again: as we only heat the milk your baby drinks, so that you can safely save every drop for another feeding.

yoomi 
babytech

Most Convenient Baby Bottle in the World - Hailed as one of the top 10 British inventions of the decade, the yoomi self-warming bottle warms milk to perfect breastmilk temperature in just 60 seconds at the touch of a button... the fastest warming system in the world.

Reduces Baby & Parent Stress - Perfect for Night Feeding, Traveling or when you're on the go anywhere.

Safest Method of Warming Milk - The yoomi system carefully controls the warming process to exactly 36 degrees Celsius, so the vital nutrients in breastmilk and formula never get damaged from overheating.

100% Portable - No electricity, No wires, No batteries and reusable hundreds of times

Anti Colic Bottles - Our unique design has 6 air vents in the base of the nipple, rather than the standard 1 or 2, so that the yoomi bottle is one of the best bottles for colic on the market & 100% BPA free.

Easy latch-on Nipples - The yoomi nipples are made from the softest silicone available and have a large, natural breast-like shape to encourage easy latch-on and smooth transitioning from breast feeding to bottle.

yoomi is manufactured in England to the Worlds Highest Quality Standards

How to Reset Warmer

3 ways to reset your reusable warmers:

1) **Steam Sterilizer** - Place in Steam Sterilizer for 30 minutes

- a) Can be done with your bottles
- b) You can charge & sterilise multiple warmers at once
- c) *Add in 3x the water in other branded sterilizers

2) **Boil** - Boil in Water for 30 minutes

- a) Can be done with your bottles
- b) You can charge & sterilise multiple warmers at once

3) **Microwave** – Place in Yoomi Microwave Pod

Put in Microwave for 70 seconds, remove and shake for 30 seconds. Then place back in microwave for 30 seconds, remove and shake for an additional 10 seconds. Let cool for 75 minutes at room temperature or 20 minutes in cold water.
